Demographic Profile of Surrounding Area (3 Miles)

This section provides demographic information regarding the community surrounding the facility. ECHO compliance data alone are not sufficient to determine whether violations at a particular facility had negative impacts on public health or the environment. Statistics are based upon the 2010 US Census and American Community Survey data, and are accurate to the extent that the facility latitude and longitude listed below are correct. The latitude and longitude are obtained from the EPA Locational Reference Table (LRT) when available.

General Statistics	
Total Persons	9,424
Population Density	340/sq.mi.
Percent Minority	7%
Households in Area	3,784
Housing Units in Area	4,254
Households on Public Assistance	89
Persons Below Poverty Level	5,143

Geography	
Radius of Selected Area	3 mi.

Age Breakdown - Persons (%)	
Children 5 years and younger	567 (6%)
Minors 17 years and younger	1,958 (21%)
Adults 18 years and older	7,467 (79%)
Seniors 65 years and older	1,477 (16%)

Race Breakdown - Persons (%)	
White	8,755 (93%)
African-American	331 (4%)
Hispanic-Origin	81 (1%)
Asian/Pacific Islander	126 (1%)

Geography	
Center Latitude	37.268029
Center Longitude	-83.186513
Land Area	99%
Water Area	1%

Income Breakdown - Households (%)	
Less than $15,000	1,257 (32.73%)
$15,000 - $25,000	553 (14.4%)
$25,000 - $50,000	985 (25.65%)
$50,000 - $75,000	366 (9.53%)
Greater than $75,000	679 (17.68%)

Race Breakdown - Persons (%)	
American Indian	14 (0%)
Other/Multiracial	199 (2%)

Education Level(Persons 25 & older) - Persons (%)	
Less than 9th Grade	1,037 (15.65%)
9th through 12th Grade	661 (9.98%)
High School Diploma	2,204 (33.27%)
Some College/2-year	1,545 (23.32%)
B.S./B.A. (Bachelor of Science/Bachelor of Arts) or More	1,178 (17.78%)

Demographic Profile of Surrounding Area (3 Miles)

This section provides demographic information regarding the community surrounding the facility. ECHO compliance data alone are not sufficient to determine whether violations at a particular facility had negative impacts on public health or the environment. Statistics are based upon the 2010 US Census and American Community Survey data, and are accurate to the extent that the facility latitude and longitude listed below are correct. The latitude and longitude are obtained from the EPA Locational Reference Table (LRT) when available.

General Statistics	
Total Persons	9,466
Population Density	336/sq.mi.
Percent Minority	7%
Households in Area	3,816
Housing Units in Area	4,290
Households on Public Assistance	92
Persons Below Poverty Level	5,212

Geography	
Radius of Selected Area	3 mi.

Age Breakdown - Persons (%)	
Children 5 years and younger	572 (6%)
Minors 17 years and younger	1,975 (21%)
Adults 18 years and older	7,490 (79%)
Seniors 65 years and older	1,468 (16%)

Race Breakdown - Persons (%)	
White	8,800 (93%)
African-American	327 (3%)

Demographic Profile

EJSCREEN EJ Indexes

Eleven primary environmental justice (EJ) indexes of EJSCREEN, EPA's screening tool for EJ concerns. EPA uses these indexes to identify geographic areas that may warrant further consideration or analysis for potential EJ concerns. Note that use of these indexes does not designate an area as an "EJ community" or "EJ facility." EJSCREEN provides screening level indicators, not a determination of the existence or absence of EJ concerns. For more information, see the EJSCREEN home page.

Census Block Group EJ Indexes (percentile)	
Particulate Matter (PM 2.5)	42.2
Ozone NATA Diesel PM	45.7
NATA Air Toxics Cancer Risk	40.2
NATA Respiratory Hazard Index (HI)	34.9

Demographic Profile

EJSCREEN EJ Indexes

Eleven primary environmental justice (EJ) indexes of EJSCREEN, EPA's screening tool for EJ concerns. EPA uses these indexes to identify geographic areas that may warrant further consideration or analysis for potential EJ concerns. Note that use of these indexes does not designate an area as an "EJ community" or "EJ facility." EJSCREEN provides screening level indicators, not a determination of the existence or absence of EJ concerns. For more information, see the EJSCREEN home page.

Endangered Species

General requirements	ESA Legislation	Regulations
Section 7 of the Endangered Species Act (ESA) mandates that federal agencies ensure that actions that they authorize, fund, or carry out shall not jeopardize the continued existence of federally listed plants and animals or result in the adverse modification or destruction of designated critical habitat. Where their actions may affect resources protected by the ESA, agencies must consult with the Fish and Wildlife Service and/or the National Marine Fisheries Service ("FWS" and "NMFS" or "the Services").	The Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq*.); particularly section 7 (16 USC 1536).	50 CFR Part 402

1. Does the project involve any activities that have the potential to affect specifies or habitats?

No, the project will have No Effect due to the nature of the activities involved in the project.

✓ No, the project will have No Effect based on a letter of understanding, memorandum of agreement, programmatic agreement, or checklist provided by local HUD office

Explain your determination:
A letter from Community & Economic Development Associates dated October 30, 2018 requested US Fish and Wildlife Service (USFWS) review of the City of Hazard's proposed activities for the project site including: "acquire the existing shopping center; remove all hazardous materials. such as asbestos; demolish the existing shopping center; remove all asphalt parking materials & grade site; construct water & sewer lines to new homes; construct stormwater facilities, street, curbs, sidewalks, and gutters; and construct up to fifteen (15) new 2 & 3-bedroom single family homes." The USFWS Kentucky Field Supervisor stamped response dated November 9, 2019 states that "significant impacts to federally-listed species are not likely to result from this project as currently proposed."

Based on the response, the review is in compliance with this section. Document and upload all documents used to make your determination below.

Yes, the activities involved in the project have the potential to affect species and/or

habitats.

Screen Summary

Compliance Determination

This project will have No Effect on listed species based on a letter of understanding, memorandum of agreement, programmatic agreement, or checklist provided by local HUD office. This project is in compliance with the Endangered Species Act. A letter from Community & Economic Development Associates dated October 30, 2018 requested US Fish and Wildlife Service (USFWS) review of the City of Hazard's proposed activities for the project site including: "acquire the existing shopping center; remove all hazardous materials. such as asbestos; demolish the existing shopping center; remove all asphalt parking materials & grade site; construct water & sewer lines to new homes; construct stormwater facilities, street, curbs, sidewalks, and gutters; and construct up to fifteen (15)new 2 & 3-bedroom single family homes." The USFWS Kentucky Field Supervisor stamped response dated November 9, 2019 states that "significant impacts to federally-listed species are not likely to result from this project as currently proposed." Note: Kentucky Housing Corporation regards the demolition of the abandoned Hopper Circle Shopping Center and preparation of the project site for residential new construction by the City of Hazard a separate undertaking from HDA's new construction of 15 single-family units using HUD HOME funding because the site will not be eligible for CHDO funding until HDA establishes site control by acquiring the property following the City's site preparation activities, even though the SHPO reviewed the proposed project in total.

Frankfort, KY 40601

Re: City of Hazard – Allais Property Redevelopment Project

Significant Impacts to federally-listed species are not likely to result from this project as currently proposed. Project re-coordination is needed if the project changes or if new species or critical habitats are listed that could be impacted by the project.

Kentucky Field Supervisor
U.S. Fish and Wildlife Service

11/6/18
Date

Dear Mr. Gruhala:

The City of Hazard is undertaking an environmental assessment for the proposed Project. The project proposes to construct permanent affordable, safe housing for 15 families. This project consists of:

- Acquire the existing shopping center
- Remove all hazardous materials, such as asbestos
- demolish the existing shopping center
- remove all asphalt parking materials & grade site
- Construct water & sewer lines to new homes
- Construct stormwater facilities, street, curbs, sidewalks and gutters
- Construct up to fifteen (15) new 2 & 3-bedroom single family homes on this site

As part of the process in preparing an Environmental Assessment for the proposed Project, we request your input relating to the potential on any threatened, rare or endangered species as well as the impact on any wetland resource in the area.

I have enclosed a set of project maps for your review. Should you have any questions please do not hesitate to contact me.

Sincerely,

Bryan Kirby

Explosive and Flammable Hazards

General requirements	Legislation	Regulation
HUD-assisted projects must meet Acceptable Separation Distance (ASD) requirements to protect them from explosive and flammable hazards.	N/A	24 CFR Part 51 Subpart C

1. Is the proposed HUD-assisted project itself the development of a hazardous facility (a facility that mainly stores, handles or processes flammable or combustible chemicals such as bulk fuel storage facilities and refineries)?

✓ No

Yes

2. Does this project include any of the following activities: development, construction, rehabilitation that will increase residential densities, or conversion?

No

✓ Yes

3. Within 1 mile of the project site, are there any current or planned stationary aboveground storage containers that are covered by 24 CFR 51C? Containers that are NOT covered under the regulation include:

- **Containers 100 gallons or less in capacity, containing common liquid industrial fuels OR**
- **Containers of liquified petroleum gas (LPG) or propane with a water volume capacity of 1,000 gallons or less that meet the requirements of the 2017 or later version of National Fire Protection Association (NFPA) Code 58.**

If all containers within the search area fit the above criteria, answer "No." For any other type of aboveground storage container within the search area that holds one of the flammable or explosive materials listed in Appendix I of 24 CFR part 51 subpart C, answer "Yes."

✓ No

Based on the response, the review is in compliance with this section. Document and upload all documents used to make your determination below.

Yes

Screen Summary

Compliance Determination

There are no current or planned stationary aboveground storage containers of concern within 1 mile of the project site. The project is in compliance with explosive and flammable hazard requirements. A review of Google Earth Aerial maps found 2 above ground storage tanks within a one-mile radius of the project site. However none of the tanks contain explosive or flammable materials. The tank labeled "Above Ground Storage Tank #1" in the Google Earth map is a ground storage water tank and the tanks labeled "Above Ground Storage Tanks #2" are sewage treatment tanks. This was verified by HDA following telephone correspondence with City of Hazard Engineer Hank Spalding on February 11, 2020.

Curtis Stauffer

From: Scott McReynolds <scott@housingdevelopmentalliance.org>
Sent: Tuesday, February 11, 2020 9:57 AM
To: Curtis Stauffer
Subject: RE: Environmental Assessment of City of Hazard's CDBG Project

Curtis,

The city engineer, Hank Spalding has confirmed that the storage tanks at the Hazard Sewage treatment plant do not contain anything explosive or flammable. He also confirmed that the take to the SE of Allais off Skyline Drive is a water tank. If it matters he said, "Yes it is a water tank, typically called a "ground storage" water tank. The City of Hazard has no "Above Ground" water tanks which have a base normally tens if not hundreds of feet off of the ground." So it's not a water tower.

Scott

To: Scott McReynolds <scott@housingdevelopmentalliance.org>
Subject: RE: Environmental Assessment of City of Hazard's CDBG Project

Also, for explosive and flammable hazards, There are above ground tanks at what I assume to be the Hazard Sewage treatment plant, as well as one (a water tower?) located on a hill to the SE of the Allais site off of Skyline Drive. Can please you confirm that these are what I think they are?

Farmlands Protection

General requirements	Legislation	Regulation
The Farmland Protection Policy Act (FPPA) discourages federal activities that would convert farmland to nonagricultural purposes.	Farmland Protection Policy Act of 1981 (7 U.S.C. 4201 et seq.)	7 CFR Part 658

1. Does your project include any activities, including new construction, acquisition of undeveloped land or conversion, that could convert agricultural land to a non-agricultural use?

✓ Yes

No

2. Does your project meet one of the following exemptions?

- Construction limited to on-farm structures needed for farm operations.
- Construction limited to new minor secondary (accessory) structures such as a garage or storage shed
- Project on land already in or committed to urban development or used for water storage. (7 CFR 658.2(a))

✓ Yes

Based on the response, the review is in compliance with this section. Document and upload all documents used to make your determination below.

No

Screen Summary

Compliance Determination

This project includes activities that could potentially convert agricultural land to a non-agricultural use, but an exemption applies. The project is in compliance with the Farmland Protection Policy Act. As demonstrated in a Google Earth aerial map, there are more 30 structures in the area surrounding the project site, thus land is already committed to urban development per 7 CFR 658.2. Additionally, the USDA Web Soil Survey map of the project site documents that its soil consists of "uNeuD-Nelse, frequently flooded-Urban land, rarely flooded complex, 4 to 25 percent slopes" which is

not prime farmland or farmland of statewide importance.

Background

- Aerial Photography

The soil surveys that comprise your AOI were mapped at 1:24,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
Web Soil Survey URL:
Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Leslie and Perry Counties, Kentucky
Survey Area Data: Version 16, Sep 16, 2019

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Oct 9, 2016—Oct 26, 2017

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

Farmland Classification

Map unit symbol	Map unit name	Rating	Acres in AOI	Percent of AOI
uNeuD	Nelse, frequently flooded-Urban land, rarely flooded complex, 4 to 25 percent slopes	Not prime farmland	4.7	100.0%
Totals for Area of Interest			**4.7**	**100.0%**

Description

Farmland classification identifies map units as prime farmland, farmland of statewide importance, farmland of local importance, or unique farmland. It identifies the location and extent of the soils that are best suited to food, feed, fiber, forage, and oilseed crops. NRCS policy and procedures on prime and unique farmlands are published in the "Federal Register," Vol. 43, No. 21, January 31, 1978.

Floodplain Management

General Requirements	Legislation	Regulation
Executive Order 11988, Floodplain Management, requires federal activities to avoid impacts to floodplains and to avoid direct and indirect support of floodplain development to the extent practicable.	Executive Order 11988	24 CFR 55

1. Do any of the following exemptions apply? Select the applicable citation? [only one selection possible]

55.12(c)(3)
55.12(c)(4)
55.12(c)(5)
55.12(c)(6)
55.12(c)(7)
55.12(c)(8)
55.12(c)(9)
55.12(c)(10)
55.12(c)(11)
✓ None of the above

2. Upload a FEMA/FIRM map showing the site here:

FIRMETTE_HDA-Allais.pdf

The Federal Emergency Management Agency (FEMA) designates floodplains. The FEMA Map Service Center provides this information in the form of FEMA Flood Insurance Rate Maps (FIRMs). For projects in areas not mapped by FEMA, use **the best available information** to determine floodplain information. Include documentation, including a discussion of why this is the best available information for the site.

Does your project occur in a floodplain?

✓ No

Based on the response, the review is in compliance with this section.

Yes

Screen Summary

Compliance Determination

This project does not occur in a floodplain. The project is in compliance with Executive Order 11988. The FIRMette map for the project site demonstrates that it is adjacent to a floodplain, but is in an area of minimal flood hazard (map panel 21193CO193D, effective 8/2/2006).

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 2/10/2020 at 10:44:59 AM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRM panel number, and FIRM effective date. Map images for unmapped and unmodernized areas cannot be used for regulatory purposes.

Historic Preservation

General requirements	Legislation	Regulation
Regulations under Section 106 of the National Historic Preservation Act (NHPA) require a consultative process to identify historic properties, assess project impacts on them, and avoid, minimize, or mitigate adverse effects	Section 106 of the National Historic Preservation Act (16 U.S.C. 470f)	36 CFR 800 "Protection of Historic Properties" http://www.access.gpo.gov/nara/cfr/waisidx_10/36cfr800_10.html

Threshold

Is Section 106 review required for your project?

No, because the project consists solely of activities listed as exempt in a Programmatic Agreement (PA). (See the PA Database to find applicable PAs.)
No, because the project consists solely of activities included in a No Potential to Cause Effects memo or other determination [36 CFR 800.3(a)(1)].
✓ Yes, because the project includes activities with potential to cause effects (direct or indirect).

Step 1 – Initiate Consultation

Select all consulting parties below (check all that apply):

✓ State Historic Preservation Offer (SHPO) Completed

✓ Indian Tribes, including Tribal Historic Preservation Officers (THPOs) or Native Hawaiian Organizations (NHOs)

✓ Eastern Band of Cherokee Indians In progress

Other Consulting Parties

Describe the process of selecting consulting parties and initiating consultation here:

In fall 2018, Community & Economic Development Associates, a consultant for the City of Hazard, requested that the Kentucky Heritage Council, the State Historic Preservation Office (SHPO), review the proposed Allais Property Redevelopment Project. In a letter dated November 7, 2018, the SHPO stated "Our review indicates that the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey." Kentucky Housing Corporation invited the Eastern Band of Cherokee Indians to be a consulting party on the historic review for the project via a letter delivered via email on February 19, 2020. The tribe did not respond within the 30-day threshold specified by HUD CPD Notice 12-006. Note: Kentucky Housing Corporation regards the demolition and preparation of the project site for residential new construction by the City of Hazard a separate undertaking from HDA's new construction of 15 single-family units using HUD funding, even though the SHPO reviewed the proposed project in total. HDA will acquire the sites from the city following the completion of these site preparation activities.

Document and upload all correspondence, notices and notes (including comments and objections received below).

Step 2 – Identify and Evaluate Historic Properties

1. **Define the Area of Potential Effect (APE), either by entering the address(es) or uploading a map depicting the APE below:**
   The project site on Hopper Circle in Hazard, KY. See preliminary plat map and aerial maps of the project site and the surrounding area.

   In the chart below, list historic properties identified and evaluated in the APE. Every historic property that may be affected by the project should be included in the chart.

   Upload the documentation (survey forms, Register nominations, concurrence(s) and/or objection(s), notes, and photos) that justify your National Register Status determination below.

Address / Location / District	National Register Status	SHPO Concurrence	Sensitive Information

Additional Notes:

In a November 7, 2018 letter, the SHPO stated "Our review indicates that the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey."

2. **Was a survey of historic buildings and/or archeological sites done as part of the project?**

Yes

✓ No

Step 3 –Assess Effects of the Project on Historic Properties

Only properties that are listed on or eligible for the National Register of Historic Places receive further consideration under Section 106. Assess the effect(s) of the project by applying the Criteria of Adverse Effect. (36 CFR 800.5)] Consider direct and indirect effects as applicable as per guidance on direct and indirect effects.

Choose one of the findings below - No Historic Properties Affected, No Adverse Effect, or Adverse Effect; and seek concurrence from consulting parties.

No Historic Properties Affected

✓ No Adverse Effect

Based on the response, the review is in compliance with this section.
Document reason for finding:

In a November 7, 2018 letter, the SHPO stated "Our review indicates that the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey."

Does the No Adverse Effect finding contain conditions?

Yes (check all that apply)

✓ No

Based on the response, the review is in compliance with this section. Document and upload concurrence(s) or objection(s) below.

Adverse Effect

Screen Summary

Compliance Determination

Based on Section 106 consultation the project will have No Adverse Effect on historic properties. Conditions: None. Upon satisfactory implementation of the conditions, which should be monitored, the project is in compliance with Section 106. In fall 2018, Community & Economic Development Associates, a consultant for the City of Hazard, requested that the Kentucky Heritage Council, the State Historic Preservation Office (SHPO), review the proposed Allais Property Redevelopment Project. In a letter dated November 7, 2018, the SHPO stated "Our review indicates that the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey." Kentucky Housing Corporation invited the Eastern Band of Cherokee Indians to be a consulting party on the historic review for the project via a letter delivered via email on February 19, 2020. The tribe did not respond within the 30-day threshold specified by HUD CPD Notice 12-006. Note: Kentucky Housing Corporation regards the demolition of the abandoned Hopper Circle Shopping Center and preparation of the project site for residential new construction by the City of Hazard a separate undertaking from HDA's new construction of 15 single-family units using HUD HOME funding because the site will not be eligible for CHDO funding until HDA establishes site control by acquiring the property following the City's site preparation activities, even though the SHPO reviewed the proposed project in total.

Re: **Allais Property Redevelopment Project, Hazard, Perry Co., KY**

Dear Mr. Kirby:

Our review indicates that the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey.

In the event that human remains are encountered during project activities, all work should be immediately stopped in the area. The area should be cordoned off, and in accordance with KRS 72.020 the county coroner and local law enforcement must be contacted immediately. Upon confirmation that the human remains are not of forensic interest, the unanticipated discovery must be reported to the Kentucky Heritage Council.

Should the project plans change, or should additional information become available regarding cultural resources or citizens' concerns regarding impacts to cultural resources, please submit that information to our office as additional consultation may be warranted. Should you have any questions, feel free to contact Nick Laracuente of my staff at nicolas.laracuente@ky.gov.

Sincerely,

Craig A. Potts,
Executive Director and
State Historic Preservation Officer

CP:nrl KHC #52728

When To Consult With Tribes Under Section 106

Section 106 requires consultation with federally-recognized Indian tribes when a project may affect a historic property of religious and cultural significance to the tribe. Historic properties of religious and cultural significance include: archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places, traditional cultural landscapes, plant and animal communities, and buildings and structures with significant tribal association. The types of activities that may affect historic properties of religious and cultural significance include: ground disturbance (digging), new construction in undeveloped natural areas, introduction of incongruent visual, audible, or atmospheric changes, work on a building with significant tribal association, and transfer, lease or sale of properties of the types listed above.

If a project includes any of the types of activities below, invite tribes to consult:

- [X] **significant ground disturbance (digging)**
  Examples: new sewer lines, utility lines (above and below ground), foundations, footings, grading, access roads

- [ ] **new construction in undeveloped natural areas**
  Examples: industrial-scale energy facilities, transmission lines, pipelines, or new recreational facilities, in undeveloped natural areas like mountaintops, canyons, islands, forests, native grasslands, etc., and housing, commercial, and industrial facilities in such areas

- [ ] **incongruent visual changes**
  Examples: construction of a focal point that is out of character with the surrounding natural area, impairment of the vista or viewshed from an observation point in the natural landscape, or impairment of the recognized historic scenic qualities of an area

- [ ] **incongruent audible changes**
  Examples: increase in noise levels above an acceptable standard in areas known for their quiet, contemplative experience

- [ ] **incongruent atmospheric changes**
  Examples: introduction of lights that create skyglow in an area with a dark night sky

- [ ] **work on a building with significant tribal association**
  Examples: rehabilitation, demolition or removal of a surviving ancient tribal structure or village, or a building or structure that there is reason to believe was the location of a significant tribal event, home of an important person, or that served as a tribal school or community hall

- [ ] **transfer, lease or sale of a historic property of religious and cultural significance**
  Example: transfer, lease or sale of properties that contain archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, plant and animal communities, or buildings and structures with significant tribal association

- [ ] **None of the above apply**

MEMORANDUM

TO: Project File

FROM: Curtis Stauffer, Managing Director-Housing Contract Administration

SUBJECT: Tribal response to Section 106 Consultation Letter

DATE: March 21, 2020

On February 19, 2020, I sent a letter via email inviting the Eastern Band of Cherokee Indians to be a consulting party on the Section 106 review for the new construction of 15 units of detached single-family housing for sale to low-income homebuyers on an approximately 2.94 acre property located on Hopper Circle, Hazard, Perry County, KY 41701 (decimal latitude/longitude coordinates: 37.266140/-83.184778) by the Housing Development Alliance (HDA). The tribe did not respond within the 30-day threshold specified by HUD CPD Notice 12-006.

Attachments: KHC S-F Eastern Band of Cherokees Consultation Letter-Allais Subdivision-Hazard, KY 2020.2.19.pdf

Dear Principal Chief Hicks,

For your consideration, please see the attached letter inviting the Eastern Band of Cherokee Indians to be a consulting party on the historic review for the new construction of 15 units of detached single-family housing for sale to low-income homebuyers on an approximately 2.94 acre property located on Hopper Circle, Hazard, Perry County, KY 41701 (decimal latitude/longitude coordinates: 37.266140/-83.184778).

Sincerely,

Curtis Stauffer

RE: Allais Community Subdivision Hopper Circle, Hazard, Perry County, KY: HUD HOME Investment Partnerships Single-Family Homebuyer Development

Dear Principal Chief Hicks:

Kentucky Housing Corporation (KHC) is considering funding the project listed above with HOME Investment Partnerships funds from the U.S. Department of Housing and Urban Development (HUD). Additionally, the Housing Assistance Council may award HUD Self-Help Homeownership Opportunities Program (SHOP) to the project. Under HUD regulation 24 CFR 58.4, the Kentucky Housing Corporation has assumed HUD's environmental review responsibilities for the project, including tribal consultation related to historic properties. Historic properties include archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places and landscapes, plant and animal communities, and buildings and structures with significant tribal association.

KHC will conduct a review of this project to comply with Section 106 of the National Historic Preservation Act and its implementing regulations 36 CFR Part 800 in consultation with the Kentucky Heritage Council, our State Historic Preservation Office. We would like to invite you to be a consulting party in this review to help identify historic properties in the project area that may have religious and cultural significance to your tribe, and if such properties exist, to help assess how the project might affect them. If the project might have an adverse effect, we would like to discuss possible ways to avoid, minimize or mitigate potential adverse effects.

Enclosed is an aerial map that shows the project area and, if applicable, an additional area of potential indirect effects. Also enclosed is a plat map showing the proposed locations of the single-family homes to be constructed. Housing Development Alliance, Inc. (HDA), a non-profit housing organization located in Perry County, KY, will construct 15 units of detached single-family housing for sale to low-income homebuyers on an approximately 2.94 acre property located on Hopper Circle, Hazard, Perry County, KY 41701 (decimal latitude/longitude coordinates: 37.266140/-83.184778). HDA will acquire the project site after the City of Hazard prepares it by demolishing an existing abandoned shopping center and installing new road, sewer, and water infrastructure. As seen in the attached aerial map, the property consists of an abandoned shopping center and surrounding paved land. The site is in an existing residential

EQUAL HOUSING OPPORTUNITY

neighborhood. A February 7, 2018 letter from the Kentucky Heritage Council, the State Historic Preservation Office (SHPO), states “the proposed project will not impact any properties or sites that are listed in or eligible for the National Register of Historic Places. The proposed project should not require an archaeological survey or cultural historic survey.”

Since HDA is a scattered site developer, and they allow each potential buyer to select a home location, either from land in HDA's inventory or land that buyers bring to them, the specific sizes and values of the 15 houses is not yet known. Most units will be single story "ranch style" homes, but at least one and possibly more will be unit will be two stories (one lot requires a two-story home and several other lots could hold either a one-story or two-story home). Clients will select home designs that have either 3 or 4 bedrooms and either 1 or 2 bathrooms. The square footage of the available designs will range from 1,000 to 1,400 square feet. These newly constructed homes will be sold to families with varied income levels who wish to reside in Hazard, Kentucky.

More information on the Section 106 review process is available at http://www.comcon.org/sites /default/files/historic_preservation/ and HUD’s process for tribal consultation under Section 106 is described in a Notice available at http://portal.hud.gov/hudportal/HUD?src= /program_offices/comm_planning/environment/atec.

To meet project timeframes, if you would like to be a consulting party on this project, can you please let us know of your interest within 30 days? If you have any initial concerns with impacts of the project on religious or cultural properties, can you please note them in your response? If you do not wish to consult on this project, can you please inform us? We value your assistance and look forward to consulting further if there are historic properties of religious and cultural significance to your tribe that may be affected by this project.

Sincerely,

Curtis A. Stauffer
Managing Director,
Housing Contract Administration

Noise Abatement and Control

General requirements	Legislation	Regulation
HUD's noise regulations protect residential properties from excessive noise exposure. HUD encourages mitigation as appropriate.	Noise Control Act of 1972 General Services Administration Federal Management Circular 75-2: "Compatible Land Uses at Federal Airfields"	Title 24 CFR 51 Subpart B

1. What activities does your project involve? Check all that apply:

✓ New construction for residential use

NOTE: HUD assistance to new construction projects is generally prohibited if they are located in an Unacceptable zone, and HUD discourages assistance for new construction projects in Normally Unacceptable zones. See 24 CFR 51.101(a)(3) for further details.

Rehabilitation of an existing residential property

A research demonstration project which does not result in new construction or reconstruction

An interstate land sales registration

Any timely emergency assistance under disaster assistance provision or appropriations which are provided to save lives, protect property, protect public health and safety, remove debris and wreckage, or assistance that has the effect of restoring facilities substantially as they existed prior to the disaster
None of the above

4**. Complete the Preliminary Screening to identify potential noise generators in the vicinity (1000' from a major road, 3000' from a railroad, or 15 miles from an airport).**

Indicate the findings of the Preliminary Screening below:

There are no noise generators found within the threshold distances above.

✓ Noise generators were found within the threshold distances.

5. **Complete the Preliminary Screening to identify potential noise generators in the**

✓ Acceptable: (65 decibels or less; the ceiling may be shifted to 70 decibels in circumstances described in §24 CFR 51.105(a))

Indicate noise level here: 47

Based on the response, the review is in compliance with this section. Document and upload noise analysis, including noise level and data used to complete the analysis below.

Normally Unacceptable: (Above 65 decibels but not exceeding 75 decibels; the floor may be shifted to 70 decibels in circumstances described in §24 CFR 51.105(a))

Unacceptable: (Above 75 decibels)

HUD strongly encourages conversion of noise-exposed sites to land uses compatible with high noise levels.

Check here to affirm that you have considered converting this property to a non-residential use compatible with high noise levels.

Indicate noise level here: 47

Document and upload noise analysis, including noise level and data used to complete the analysis below.

Screen Summary

Compliance Determination

A Noise Assessment was conducted. The noise level was acceptable: 47.0 db. See noise analysis. The project is in compliance with HUD's Noise regulation. The National Transportation Noise Map for the project site demonstrates that it is beyond the 35dB

threshold. The project site is 4,892 feet from KY-15, the nearest major road. DNL calculations for the nearest non-major roads with Average Daily Traffic (ADT) data available [Allais Road (186 ft. away, ADT=1,512, no truck traffic) and North Main Street (718 feet away, ADT=3,450, 1.282% truck data, 0% grade)] determine the road noise level to be 47dB. The project site is 1.0 mile from the nearest active railroad. Please note that CSX has discontinued service at a railroad nearer the project site, per the USDOT Crossing Inventory Report for crossing #351722A. The nearest active railroad crossing is number 346109Y, as noted on the attached FRA Map. The project site is 8.66 miles from Wendell H. Ford Airport and 10.26 miles from Duff Airport, but the HUD Airport Noise Worksheets for both airports document that noise is not expected to extend beyond airport boundaries.

DNL Calculator

The Day/Night Noise Level Calculator is an electronic assessment tool that calculates the Day/Night Noise Level (DNL) from roadway and railway traffic. For more information on using the DNL calculator, view the **Day/Night Noise Level Calculator Electronic Assessment Tool Overview (/programs/environmental-review/daynight-noise-level-electronic-assessment-tool/)**.

Guidelines

- To display the Road and/or Rail DNL calculator(s), click on the "Add Road Source" and/or "Add Rail Source" button(s) below.
- All Road and Rail input values must be positive non-decimal numbers.
- All Road and/or Rail DNL value(s) must be calculated separately before calculating the Site DNL.
- All checkboxes that apply must be checked for vehicles and trains in the tables' headers.
- **Note #1:** Tooltips, containing field specific information, have been added in this tool and may be accessed by hovering over all the respective data fields (site identification, roadway and railway assessment, DNL calculation results, roadway and railway input variables) with the mouse.
- **Note #2:** DNL Calculator assumes roadway data is always entered.

Mitigation Options

If your site DNL is in Excess of 65 decibels, your options are:

- **No Action Alternative**: Cancel the project at this location
- **Other Reasonable Alternatives**: Choose an alternate site
- **Mitigation**
  - **Contact your Field or Regional Environmental Officer (/programs/environmental-review/hud-environmental-staff-contacts/)**
  - Increase mitigation in the building walls (only effective if no outdoor, noise sensitive areas)
  - Reconfigure the site plan to increase the distance between the noise source and noise-sensitive uses
  - Incorporate natural or man-made barriers. See ***The Noise Guidebook (/resource/313/hud-noise-guidebook/)***
  - Construct noise barrier. See the **Barrier Performance Module (/programs/environmental-review/bpm-calculator/)**

U. S. DOT CROSSING INVENTORY FORM

DEPARTMENT OF TRANSPORTATION
FEDERAL RAILROAD ADMINISTRATION

OMB No. 2130-0017

Instructions for the initial reporting of the following types of new or previously unreported crossings: For public highway-rail grade crossings, complete the entire inventory Form. For private highway-rail grade crossings, complete the Header, Parts I and II, and the Submission Information section. For public pathway grade crossings (including pedestrian station grade crossings), complete the Header, Parts I and II, and the Submission Information section. For Private pathway grade crossings, complete the Header, Parts I and II, and the Submission Information section. For grade-separated highway-rail or pathway crossings (including pedestrian station crossings), complete the Header, Part I, and the Submission Information section. For changes to existing data, complete the Header, Part I Items 1-3, and the Submission Information section, in addition to the updated data fields. Note: For private crossings only, Part I Item 20 and Part III Item 2.K. are required unless otherwise noted. An asterisk * denotes an optional field.

Airport Noise Worksheet

Use this worksheet to identify information needed to evaluate a site's exposure to aircraft noise.

Name and Location of Project: HDA Allais Community Subdivision-Hopper Cir. Hazard, KY
Name of Airport: Wendell H. Ford Airport
Person completing worksheet: Curtis Stauffer Date: 2/20/2020

1. Determine if the proposed site/project is within 15 miles of a civil or military airport.

☐ No. Attach a scaled map identifying the location of the proposed project site and the location of any airports. *Further use of this worksheet is not required.*

■ Yes. Attach a scaled map identifying the location of the proposed project site and the location of any airports. *Continue.*

2. Determine the number of operations at the airport by:
   - Go to: http://www.gcr1.com/5010web/advancedsearch.cfm
   - Find your airport using the Search function
   - Open the report under "Print 5010"
   - Complete section 3 below by using Operations data found in the report (see yellow arrow in the example below)

96 ULTRA-LIGHT:	

OPERATIONS

100 AIR CARRIER:	0
102 AIR TAXI:	1,944
103 G A LOCAL:	8,760
104 G A ITNRNT:	4,512
105 MILITARY:	360
TOTAL:	15,576
OPERATIONS FOR 12 MONTHS ENDING:	10/31/2017

3. Determine if the annual number of operations for air carriers (#100), air taxis (#102), military (#105), and general aviation (#103 plus #104) exceeds the thresholds provided below.

#100 Annual air carrier operations 0 Is this 9,000 or more? Yes __ No X
#102 Annual air taxi operations 1,320 Is this 18,000 or more? Yes __ No X
#105 Annual military operations 800 Is this 18,000 or more? Yes __ No X
#103+#104 Annual general aviation operations 8,050 Is this 72,000 or more? Yes__ No X

4. If you answer "No" on each of the questions above, it is assumed the noise attributed to the airplanes will not extend beyond the boundaries of the airport. Maintain the documentation

in your Environmental Review Record (ERR). You are finished with the evaluation of airport noise for this airport.

If you have marked any question in #3 with "Yes," continue to 5.

5. Contact the airport manager, (see blue arrow above) and ask them if the airport has noise contour maps. Are contour maps available?

☐ Yes. Locate your project on the noise contour map. If there are no roads or railroads that are being considered for noise, utilize the information from the contour map to determine if the site is acceptable. If roads or railroads are being considered, input the information obtained from the airport noise contours, along with the road and railroad information, into HUD online noise calculation tool at http://www.hud.gov/offices/cpd/environment/dnlcalculator.cfm.

☐ No. Construct the approximate DNL contours by using the guidance on page 52 and 53 of the HUD Noise Guidebook. You will need to obtain the following information from the airport:

(a) The number of nighttime jet operations (10pm to 7 am).
(b) The number of daytime jet operations (7 am to 10 pm).
(c) The flight paths of the major runways.
(d) Any available information about expected changes in airport traffic (e.g., will the number of operations increase or decrease in the next 10 to 15 years?).

Contact your HUD Environmental Officer if you need assistance.

Sole Source Aquifers

General requirements	Legislation	Regulation
The Safe Drinking Water Act of 1974 protects drinking water systems which are the sole or principal drinking water source for an area and which, if contaminated, would create a significant hazard to public health.	Safe Drinking Water Act of 1974 (42 U.S.C. 201, 300f et seq., and 21 U.S.C. 349)	40 CFR Part 149

1. Does the project consist solely of acquisition, leasing, or rehabilitation of an existing building(s)?

Yes

✓ No

2. Is the project located on a sole source aquifer (SSA)?

A sole source aquifer is defined as an aquifer that supplies at least 50 percent of the drinking water consumed in the area overlying the aquifer. This includes streamflow source areas, which are upstream areas of losing streams that flow into the recharge area.

✓ No

Based on the response, the review is in compliance with this section. Document and upload documentation used to make your determination, such as a map of your project (or jurisdiction, if appropriate) in relation to the nearest SSA and its source area, below.

Yes

Screen Summary

Compliance Determination

The project is not located on a sole source aquifer area. The project is in compliance with Sole Source Aquifer requirements. There are no sole source aquifers in Kentucky.

HDA-Allais-Community-Subdivision-Hopper-Circle-Hazard-KY	Hazard, KY	900000010118277

Wetlands Protection

General requirements	Legislation	Regulation
Executive Order 11990 discourages direct or indirect support of new construction impacting wetlands wherever there is a practicable alternative. The Fish and Wildlife Service's National Wetlands Inventory can be used as a primary screening tool, but observed or known wetlands not indicated on NWI maps must also be processed Off-site impacts that result in draining, impounding, or destroying wetlands must also be processed.	Executive Order 11990	24 CFR 55.20 can be used for general guidance regarding the 8 Step Process.

1. Does this project involve new construction as defined in Executive Order 11990, expansion of a building's footprint, or ground disturbance? The term "new construction" shall include draining, dredging, channelizing, filling, diking, impounding, and related activities and any structures or facilities begun or authorized after the effective date of the Order

No

✓ Yes

2. Will the new construction or other ground disturbance impact an on- or off-site wetland? The term "wetlands" means those areas that are inundated by surface or ground water with a frequency sufficient to support, and under normal circumstances does or would support, a prevalence of vegetative or aquatic life that requires saturated or seasonally saturated soil conditions for growth and reproduction. Wetlands generally include swamps, marshes, bogs, and similar areas such as sloughs, potholes, wet meadows, river overflows, mud flats, and natural ponds.

"Wetlands under E.O. 11990 include isolated and non-jurisdictional wetlands."

✓ No, a wetland will not be impacted in terms of E.O. 11990's definition of new construction.

Based on the response, the review is in compliance with this section. Document and upload a map or any other relevant documentation below which explains your determination

Yes, there is a wetland that be impacted in terms of E.O. 11990's definition of new construction.

Screen Summary

Compliance Determination

The project will not impact on- or off-site wetlands. The project is in compliance with Executive Order 11990. The USFWS Wetlands Map shows that the project site is not within a wetland.

Wild and Scenic Rivers Act

General requirements	Legislation	Regulation
The Wild and Scenic Rivers Act provides federal protection for certain free-flowing, wild, scenic and recreational rivers designated as components or potential components of the National Wild and Scenic Rivers System (NWSRS) from the effects of construction or development.	The Wild and Scenic Rivers Act (16 U.S.C. 1271-1287), particularly section 7(b) and (c) (16 U.S.C. 1278(b) and (c))	36 CFR Part 297

1. Is your project within proximity of a NWSRS river?

✓ No

Yes, the project is in proximity of a Designated Wild and Scenic River or Study Wild and Scenic River.
Yes, the project is in proximity of a Nationwide Rivers Inventory (NRI) River.

Screen Summary

Compliance Determination

This project is not within proximity of a NWSRS river. The project is in compliance with the Wild and Scenic Rivers Act. The project site is 25.8 miles from the nearest Nationwide Rivers Inventory body, the South Fork Kentucky River, and is 40.69 miles from the Wild and Scenic portions of the Red River, Kentucky's only Wild and Scenic River.

Environmental Justice

General requirements	Legislation	Regulation
Determine if the project creates adverse environmental impacts upon a low-income or minority community. If it does, engage the community in meaningful participation about mitigating the impacts or move the project.	Executive Order 12898	

HUD strongly encourages starting the Environmental Justice analysis only after all other laws and authorities, including Environmental Assessment factors if necessary, have been completed.

1. Were any adverse environmental impacts identified in any other compliance review portion of this project's total environmental review?

Yes

✓ No

Based on the response, the review is in compliance with this section.

Screen Summary

Compliance Determination

No adverse environmental impacts were identified in the project's total environmental review. The project is in compliance with Executive Order 12898.

Supporting documentation

Are formal compliance steps or mitigation required?

Yes

✓ No
